This is UK's leading 8-goal tournament and with such depth of talent among the teams, players and ponies have to be at their peak

Conosco emerged victorious in the finals of one of the most hotly contested eight goal tournament of the UK. Hildon Archie David Cup came to its conclusion on 30th June at the Guards Polo Club. A tough contest between Conosco and Twelve Oaks saw Jeremy Pemberton and his team play a fast and open game through the offense which was beautifully interpreted by Team Twelve Oaks. An under the neck goal from Most Valuable Player of the evening, Will Emerson secured the victory for Team Conosco.

Polo de Paris, set in the heart of Bois de Boulogne, is located in the center of the City of Lights and boasts spectacular installations along with a beautiful clubhouse.

The finals of the 125° Open de Paris, at the Polo de Paris, between Sainte Mesme and Red Falcon witnessed a close fight between the two teams. This glamorous event, which took place after five days of intense action, marked the apex of the season at the club in Bagatelle. Sainte Mesme, one of the most powerful and traditional organizations in Europe, displayed an excellent game against the opponents. Lauren Dassault's Red Falcon tried hard to get back in the game but a great gameplay and tactical defense of Team Sainte Mesme helped the team lift the cup by 13 - 5.

In a thrilling game that needed overtime, Scone narrowly defeated Monterosso 11-10 in an evenly matched game that saw six players contribute at least three goals. Monterosso dominated the throw-in line, but Scone's efficiency from the field allowed them to keep pace with Monterosso. The second game of the day also came down to the final minute with Emlor scoring the final five goals of the game to complete an impressive comeback to defeat VS King Power 8-7. Holding a four goal lead inside the final two chukkas, VS King Power's inaccuracy from the field allowed Emlor to fight their way back into the game.

Polo on countryside: Gohilwad Polo Club

Captured with an essence of mysteriousness and detailing in the ethos of the preserved history of the state of Lion, is the sport played on horseback. One of the oldest team sports, Polo has had a major play in the princely state of Gujarat with a vast and rich history associated with it.

A game termed as, 'Hockey on horseback' has had a long association with the state but

due to its lost popularity, the game was sufficed to a limited in the state. An effort to bring back Polo to the state, Jayvir Gohil organized a Polo match at the Surat horse show to move forward with the game. Old Billy horse

A horse aging more than seven years old. The average lifespan of a horse is 20 to 25 years, although many horses and some horses live for 30 years or more.

DID YOU KNOW?

Believed to be the longest living horse ever, Billy was verified to be 62 years old when he passed in 1822. He was born in England in 1760 and spent his life as a barge horse. His skull is on display at the Manchester Museum.

HOOKS

Image: Accupoint therapist

Hooks in horse teeth

Hooks develop due to the misalignment of the molar arcades. A hook is a conical or pointed overgrown part of the tooth. Hooks commonly occur on corner incisors, the first cheek tooth or the last molars. Hooks cause discomfort when they come in contact with the bit, causing bad behaviour. Hooks also block the normal chewing pattern of the horse causing loss of condition.

Hooks are commonly seen in parrot mouth or monkey mouth horses. Regular dental work on incisors as well as cheek teeth is required for horses that have a tendency to have hooks.

THE ULTIMATE EXERCISES FOR YOUR HORSES

The perfect exercise guide for your horse

1.Ride

Riding the horse is the most easiest way to exercise him. Make sure that whenever you ride your horse for exercise you take him over terrain for strength and bone building.

2.Drive

Riding is not the only way to exercise. If your horse knows how to drive all you need to do is hook with a cart for a great way of exercise.

3.Lunge

Lunging is a good way to exert pressure pressure on the muscles and joints of the horse. But you need to be careful so as not to hurt the horse. You need to be slow at first and gradually increase the intensity.

4.Hand Walk

Hand walk is an exercise for the young, adult or injured horses or for those horses who have not  for a long time.

THE DAGUERREOTYPE CAMERA

The Susse Freres Daguerreotype Camera was the first photographic process that was publicly announced by Francois Arago after he unveiled it. The inventor of this camera, which was on display in the year 1839, was invented by Louis Daguerre.

The display of this iconic camera took place in the museum of the Westlicht Auction house in Vienna, Austria. The creation of the lens was done by the optician Charles Chevalier and brass mounted on its sides was hand engraved with the signs of 'No3' and 'III', that indicate that this is an exclusive third lens Chevalier that has been made for a daguerreotype.

RAGLAN SLEEVES

It all started when Napoleon and his infantry had to deal with the British. The duke of Wellington received the news of Prussians infantry trudging towards the British ridgeline. They put all their efforts in order to defend them from the barbaric strategies of the aristocratic Napoleon. Almost 65,000 men from both sides were killed, injured or missing in action during this apocalyptic battle. One out of those 65,000 injured men was a British army officer 'Fitzroy Somerset' who was also

known as the 'first Baron of Raglan', had to get his right arm amputated as a consequence he wasn't able to swing his arm and he wasn't capable of fighting any further battles.

Hence for finding a way out from this enigmatic problem, he summoned his regal tailor to design a bespoke shirt with customized sleeves, extending in one piece fully to the collar, leaving a diagonal seam from the underarm to the collarbone which makes the movement of the shoulder feasible, thereby aiding it to sway freely. This rigmarole of such kind of bespoke sleeves gave rise to the trendsetting Raglan sleeves named after that British army officer. After a few years when that British officer died in the war of Crimean, he was succeeded by his bespoke Raglan sleeves.

Women's Watches: The Story Of Its Origin

Women's watch and the story of its origin

THE HISTORY OF WATCHES IS HARD TO FIND, BUT THE STATIC BEGINNING COULD BE TRACED DOWN TO THE DAYS OF THE 1880'S.

Tracing back history is a hard job and tracing it on the terms of wristwatches is even harder. When digging into the books of history, the time of arrival of watches cannot be easily drafted. What comes out clearly is that, time has always been into the lives of humans since their days of existence. What was new was the way in which watches were invented, utilized, reframed and evolved. LA POLO brings to you a quick history of the origin and evolution of the wristwatches of women. 1880's the beginning can be roughly traced down to 1880's. It was a time when the watches, and precisely the wristwatches were created for women, but it was also a time when wristwatches was not considered a very serious piece of art or time. What ruled the industry of watches like any other industry was the patriarchy. It had been a male- dominated world ↻

COCO CHANEL: MISERY MOLDING A DESIGNER'S LIFE

Coco Chanel

One of the most sought after fashionista Coco Chanel landed into this planet in the year of 1883 with the moniker of Gabrielle bonheur Chanel. Having a life full of miseries and predicaments she never thought in her wildest of dreams that she would become the fashion girl of this universe and would be able to persist in her timeless styles of silhouettes even after decades of her death. Hence she has set an example and has become an arresting inspiration for those who admire her and are the connoisseurs of her authentic silhouettes.

Around the age of 20 Chanel initiated her career in the transitory industry of fashion and glamour by collaborating with Etienne Balsan who proffered her a rostrum for establishing a millinery business in Paris. Her journey of success went on and outshined once again in 1925 when they launched a unique fragrance mist Chanel 5.
