Peter M. Brant, renowned American industrialist, philanthropist and amateur polo player, met polo legend Thomas B. “Tommy” Glynn in 1970s at the Fairfield Hunt Club. Soon under Glynn’s mentorship, Mr. Brant’s love for the sport grew by leaps and bounds. So much so that he ended up starting his own team in 1979- White Birch. Living in Greenwich, Connecticut, Mr. Brant wanted a place to play polo for his team and himself. This resulted in the establishment of what came to

LET THE SOULFUL FUR-FRIENDS BE YOUR MATE

Yoga with horses

This is the soul, spirit, or divine self – we relate to your understanding of the spiritual, eternal aspect of living beings. It believes to the fact that the essence within us is the same essence that is within the horse. At this level it seems to experience that we are one and the same. This is the truth of who we are. Horse and human are ultimately seeking the same thing – peace; which is why horse yoga is not only spiritual, but an ultimate quest for peace. Known to be called as equestrian yoga it was built in order to guide through improving the bond and connection between two living beings. The practice was originally created to work on core stability, balance and to be present, something a horse is too practiced on.

Horses are considered to be present because they are not identified with an ego, that's what horse yoga aims to eliminate, an ego.

YOGA WITH SOME FUN

Image: Patmos Aktis Suites & Spa

Hatha-Yoga

Yoga isn't just meditation if we keenly seek upon it, it's an entire new language devised by the soul for itself. It makes you look upon and within yourself with such ease that you grow comfortable in your own skin while you are practicing your asanas. Though it is rightly said, yoga isn't an exercise, it is a way of life if we closely observe it.

And as we grow into this world, we tend to lose upon the roots which brought us along, the spiritual and the most innocent version of ourselves. By the time we put on that suit to boss over the world, a part of us has went by and surprisingly we could do nothing about it.

Unless, the practice of this utmost spirit scoops in through these 19 ways of yoga -

Hatha Yoga: A compressive sense of yoga which involves physical practice. This form of yoga is way slower and than the rest, and involves a lot of deep breathing, focus and correct breathing postures. It is the most commonly used form of yoga, where one is supposed to hold a posture for several deep breaths. ↻

FROM THE POINT OF EQUINE PRACTITIONER

Horse practitioner

Being an equine vet is not an easy job. Every vet has come across difficult cases in everyday life. Dr. Anil Lahane, an equine practitioner has been in this field for more than 8 years. He loves riding horses, and they have always been his first passion. He completed his Graduation from Bombay (Mumbai) Veterinary College, Maharashtra and Post Graduation in Surgery and Radiology from Sardarkrushinagar Dantiwada Agricultural University, Gujarat.

In an interview with LA POLO he talks about the safety measures and how horses should be treated. Dr. Anil Lahane told the team that he learned the basics of equine sports veterinary medicine and surgery from Dr. Phiroz Khamabtta who is one of the finest equine practitioners. He claimed that all the people in his life have taught him new lessons in his career as an equine veterinarian.

1. A practice to hit a horse's sides with your heels in order to make it move forward
2. The white mass of bubbles that form on a horse's skin when it is sweating
3. A word used about horses that are nervous and may do something suddenly
4. A term used for telling a horse to walk more slowly or to stop
5. The action where the horse throws the horse off its back

Marilyn Monoroe's ' Happy Birthday Mr. President' Dress

The happy birthday Mr president dress that was worn by Marilyn Monroe has become extremely popular as it has been interpreted in a very different way.

The iconic actress had elegantly put on this dress to wish President John F Kennedy on 19th May year 1962. Marilyn Monroe came up on the stage in the letters of the evening wearing this dress. The happy birthday Mr president dress was said as being all skin and beads by people. The dress was made by Bob Mackie and the finishing was done by Jean Louis who is a French born designer and had been bestowed with the best costume design Academy Award.

19th century peplums were the new trendsetters and were at the verge of reaching its crowning point. The main purpose that it served was providing some respite from scorching summer heat, since its flimsy and cool structure made the breeze sieve through the diaphanous dress.

What All To Expect?

Reflecting on the extravaganza that the Milan Fashion Week brought out in the men's niche market, it is finally time to let our simmering anticipation for the Paris Men's Fashion Week for the S/S 2020 collection pour out. The calendar for the 2020 menswear spring collection is out and has created a spur for couture excitement in the world of luxury.

The Paris Men's Fashion Week, running from the 18th to the 23rd of June this year, includes three brands primarily exhibiting their innovations after shifting from their New York schedule. The schedule released by the French Couture Federation has elevated our excitement with the announcement that Palomo Spain and Bode will be opening the first day of the Paris Men's Fashion Week, which this time has promised a full day show rather than the usual half-day routine.

Royal Ascot Then and Now

The Ascot Racecourse was an admirable discovery of Queen Anne in 1711. It was initially used for Royal Meetings once a year, though traditionality followed suit too soon as the Royal Week had it's commencement in exactly 200 years of the British estate. This was not only about the legacy, but also the traditional grounds of the Royal Family who shares a 300 years old history with the Ascot grounds. As it held onto its age-old elements of the first race, namely Her Majesty's Plate, the Ascot believes in delivering a little more than it has every year. Though this isn't just about now, it's about preserving what we've had all along, to hold onto the gone back moments of history, that's what the Ascot has revived in the world, the conventional ways of holding onto the best and most elegant style of living.

FEADSHIP- THE SUPER YACHT
